

Proud members of and  
endorsed by the  
**Michigan Sheriff's  
Association**

Our first mission is to be in the New Orleans area where we will be helping the men and women of the New Orleans Police Department. As you can see from these pictures, some of their homes have been stripped and are ready for rebuilding and yet others are still untouched since the devastating hurricanes of '05.

Once we are done in New Orleans, we may continue on to help other departments in the gulf region as the needs are identified. There is a great need for volunteers from law enforcement. It is our wish that all departments, both large and small, will see the need. Please remember, your department could be the next one in need of our help.

Through our web page, officers that are willing to become a part of our team can sign up according to their schedule. It will be as simple as picking a week that you can donate your time. It is on a first come, first served basis so reserve your block of time now.

We will be providing you with housing, meals and the materials to do the job. All that is missing is you. So, what are you waiting for? Sign up now and help change the way they live and see just how much one week of your time means to someone.

# Goals and Objectives for Cops Helping Cops:

1. Assist any agency that provides emergency service to anyone, prior to, during, or after any emergency, disaster or event.
2. Assess, evaluate and respond to the needs of individuals, both in their personal needs and in their professional needs.
3. Make the lives of others better by being there to help.
4. Make a self-sufficient response team that is able to respond from all over the nation on very short notice.
5. Provide an opportunity for volunteer responders to be able to assist even after the emergency passes.
6. Be able to do all of these things without the normal constraints sometimes seen during major events and disasters.
7. To encourage Emergency Caregivers to share their talents and gifts.
8. To be responsible stewards of charitable resources.
9. To help support mental health as a future goal.
10. To make the following statement and prove it,

**"THE BROTHERHOOD LIVES"**
